

Stealth Reusable HEPAC P3 (RD) Suitable for protection against high toxicity harmful materials in concentrations upto 50 x OEL or 20 APF x WEL

	Work Activity	Application	Contaminant	Special	
Construction	Cleaning	Degreasing	Grease Particles	Carbon Nuisance Odour P3	
	Casting, Die Casting, Asbestos Inspection	Concrete, Cement, Asbestos	Concrete dust, Asbestos fibres		
	Grinding, Cutting, Drilling	Brickwork, Stone and Plaster	Stone powder, fine to aggressive		
		Grinding, Cutting, Drilling	Cement	Dust particles	
		Grinding, Cutting, Drilling	Filler materials	Dust particles	Carbon Nuisance Odour P3
		Finishing	Manufacture - Convert glass fibre, mineral fibre	Dust Particles and Fibres	
		Finishing	Plastering	Microscopic fine dust	
		Finishing	Tiling, Roofing	Tile and Roof dust	
	Preparation	General demolition of brickwork, stone, wood	Dust particles		
Woodworking	Paint Removal	Sanding, Brushing off old coats of paint coatings	Fine paint particles	Carbon nuisance odour P3	
	Paint Removal	Sanding, Brushing off old coats of paint coatings containing Chromium		Carbon nuisance odour P3	
	Removal of adhesives	Scraping off, sanding of adhesives polyester resin	Fine particles	Carbon nuisance odour P3	
Metal Working	Grinding, Cutting, Drilling, Lathing	soft hard wood including beech, oak, MDF	Wood dust particles		
	Soldering		Smoke Particles		
	Grinding, Cutting, Drilling	Rust	Rust powder, metallic powder	Carbon nuisance odour P3	
	Grinding, Cutting, Drilling	Metals	Metal Particulate		
	Grinding, Cutting, Drilling	Iron	Metallic Powder		
	Grinding, Cutting, Drilling	Steel	Metallic Powder		
	Grinding, Cutting, Drilling	Stainless Steel (High Alloy)	Metallic Powder		
	Cutting	With lazer beam	Metallic Powder		
	Welding	Aluminium	Aluminium Oxide, Smoke	Carbon nuisance odour P3	
	Welding	Manual arc weld, Rod Electrodes or lazer beam welding	Metallic Powder, smoke	Carbon nuisance odour P3	
Paint Work	Welding / Riveting	Construction Steel Zinc	Metallic Powder, Smoke	Carbon nuisance odour P3	
	Welding / Riveting	Stainless Steel (High Alloy) (Thorium Electrode)	Metallic Powder, smoke, Oxide	Carbon nuisance odour P3	
	Grinding, Cutting, Drilling	Paint, Lacqures and anti-corrosion paint	Fine paint particles		
	Grinding, Cutting, Drilling	Paint, Lacqures and anti-corrosion paint (Chromium)	Fine paint particles		
		water soluble wood preservatives containing copper, chromium or arsenic	Fine paint mist	Carbon nuisance odour P3	
	Spraying, Varnishing	Latex paint	Paint particles		
	Spraying, Varnishing				
Plastic Manufacturing	Grinding, Cutting, Drilling	Plastics	Plastic powder and particulate		
Waste Management	Sweeping	Dusts	Light to aggressive particulate		
	General Handling waste sorting	Nuisance odours, bacteria, spores, fungi	Light to aggressive particulate	Carbon nuisance odour P3	
Power Plant	Filter exchange	Contaminated dust	Fine to aggressive dust		
Farming	Various including feeding	Dusts and odour	Fine dusts	Carbon nuisance odour P3
